CARING FOR SMILES

## Happy Retirement

After 17 wonderful years with us, our associate dentist Julie is retiring. We want to express our heartfelt gratitude for her hard work and commitment to both the practice and her patients. She will certainly be missed.

For those patients currently registered with Julie, please be assured that Albert Road will continue delivering the high-quality, compassionate care you're accustomed to.

Julie Jennings has dedicated more than 30 years to the practice as a dental nurse and has recently stepped into the position of practice manager.

Kate became part of the team in 2021 and swiftly advanced in her nursing training, achieving her qualification in August 2023. She has now taken on the responsibilities of a treatment coordinator

What an absolutely amazing dentist. I'm a very nervous patient and have to say Mike makes you feel totally amazing ease.

Mrs Ayers- 18/10/2024

There is nothing better than seeing the reviews from our patients, especially when they are so honest. We value all feedback and it motivates us to keep up our high standards.
